

Try our free online Design Studio
and other great border options
at www.TrimARim.com

- If you do not have access to a large-format printer for 11" x 17" output, then any print shop, office services store or office supply chain should be able to print this for you for a nominal charge
- For proper fit and appearance in your Trim-A-Rim frame, print at **Actual Size** only (100% or No Scaling) on 11" x 17" paper
- Print at highest resolution available in your print settings, on bright white paper
- If you wish to confirm proper size before any further embellishing and cutting, lay a pre-cut border from the product package on top of this design for comparison
- When ready to use, cut directly on border lines with sharp craft scissors

**Have Fun,
Show Your Style
and**

Change the Rim on a *Whim!*

Note: On this particular design, trim the outer circle to remove all of the thick black border so that it fits properly inside your Trim-A-Rim frame
